DECLARATION

Hereby I declare that in the paper by Graczyk, D. et al. "*A solar twin in the eclipsing binary LL Aquarii*", 2016, A&A, 594, A92, my contribution was to prepare some of the observational proposals used in the project. I also took some of the spectra for this work, and I discussed the results of the paper with Dr. Graczyk and other coauthors of the paper.
