DECLARATION

Hereby I declare that in the paper by Helminiak et al. "*Orbital and physical parameters of eclipsing binaries from the ASAS catalogue - VIII. The totally eclipsing double-giant system HD 187669*", 2015, MNRAS, 448, 1945, my contribution was to prepare some of the observing proposals for this project, and to discuss the results of the paper with the group of authors, particularly with Dr. Dariusz Graczyk.

A handwritten signature in black ink, appearing to read 'W. Gieren', with a stylized flourish at the end.

Dr. Wolfgang Gieren
Full Professor
