

Prof. Ryszard Szczerba  
Chair of the Scientific Council  
Nicolaus Copernicus Astronomical Center

Strasbourg, July 6, 2020

Dear professor Szczerba

As a co-author of the paper by Bollimpalli et al. titled "Disc instabilities and nova eruptions in symbiotic systems: RS Ophiuchi and Z Andromedae" published in Monthly Notices of the Royal Astronomical Society (Volume 481, Issue 4, p.5422-5435), I provided some technical guidance regarding the code used for calculating the time evolution of accretion discs and helped with the editing of this paper. I contributed about 15 % to the total effort of this paper.

Yours sincerely

Jean-Marie Hameury
